

4 March, Wednesday 2026				
Time	Pre-InSiGHT Workshops			
08:30 - 09:00	Registration			
09:00 - 12:00	<p><i>Laguna Ballroom</i></p> <p>Hereditary GI Cancers Masterclass</p> <p><i>Chair:</i> Manasa Karthikeyan, Singapore</p> <p><i>Faculty:</i> Heather Hampel, United States Megan Hitchins, United States Susan Clark, United Kingdom Sonia Kupfer, United States Francesc Balaguer, Spain</p>	<p><i>Albatross & Birdie</i></p> <p>Endoscopy Workshop</p> <p><i>Chairs:</i> Tan Yu Bin, Singapore Andrew Latchford, United Kingdom</p> <p><i>Faculty:</i> Matthew Kalady, United States Evelien Dekker, Netherlands</p>	<p><i>Offsite</i></p> <p>Chinatown Walking Tour 09:00 - 12:30 (Ticketed)</p>	<p><i>Laguna National Golf Resort Club</i></p> <p>Golf Game 08:00 - 12:00 (Self-registration and payment via the link provided on Congress website)</p>
Time	Main Congress Day 1			
	<i>Laguna Ballroom</i>			
12:30 - 14:00	Congress Registration			
14:00 - 14:20	<p>Welcome Address Joanne Ngeow, Singapore Gabriel Capellá, Spain</p>			
14:20 - 15:40	<p>Session 1: Population Genomics and Risk Stratification <i>Chairs: Susan Clark, United Kingdom Noah Helderman, Netherlands [Y-InSiGHT]</i></p>			
14:20 - 14:40	<p>Scaling Up Cancer Screening for Population Health Kevin Monahan, United Kingdom</p>			
14:40 - 15:00	<p>Applying Polygenic Risk Scores to Tailor Colorectal Cancer Screening in Primary Care Jon Emery, Singapore</p>			
15:00 - 15:40	<p>Abstract Presentations 1 <i>Chairs: Sunny Wong, Singapore Amalia Nanciu, Germany [Y-InSiGHT]</i></p> <p>Improving Colorectal Cancer Risk Prediction in Latinos Using Polygenic Scores and Machine Learning Luis G Carvajal Carmona, United States</p> <p>The Familial Cancer Experience in South Africa: A Model for Implementing Genomic Medicine in Developing Countries Raj Ramesar, South Africa</p> <p>Lynch Syndrome Re-Defined Through a Universal Germline Genetic Testing Program Heather Hampel, United States</p> <p>Improving Hereditary GI Cancer Referral Rates using Electronic Health Records Andrea Tan Wan Ling, Singapore</p>			
15:40 - 16:10	Coffee/Tea Break			
16:10 - 17:30	<p>Session 2: Health System and Implementation Science <i>Chairs: Sonia Kupfer, United States Chiang Jianbang, Singapore</i></p>			
16:10 - 16:30	<p>Cascade Testing and Family Screening Strategies Maria Katapodi, Switzerland</p>			
16:30 - 16:50	<p>EMR Based Carrier Management Finlay Macrae, Australia</p>			

Disclaimer: The programme is accurate as of the time of publication (3 March 2026).
It is subject to change at the discretion of the Organising Committee without prior notice.

11th Biennial Meeting of the
International Society for
Gastrointestinal Hereditary Tumours
4 - 7 March 2026 | Dusit Thani Laguna Singapore

www.insight2026.org

4 March, Wednesday 2026

16:50 - 17:30	<p>Abstract Presentations 2 <i>Chairs: Toni Seppälä, Finland Jeanette Yuen, Singapore</i></p> <p>Cost-effectiveness of Genetic Testing to Diagnose Lynch Syndrome in Singapore Sara Tasnim, Singapore</p> <p>Decision Regret and Willingness to Pay for Cancer Genetic Testing: A Longitudinal Contingent Valuation Study Agnes Wong, Singapore</p> <p>Clinical Outcomes and Healthcare Costs in Hereditary Diffuse Gastric Cancer: A European Multicenter Study Carla Oliveira, Portugal</p> <p>Feasibility of Pap-derived cfDNA for early-detection of sporadic and Lynch-associated endometrial and ovarian cancers Alicia Latham, United States (Recorded)</p>
17:30 - 17:45	<p>Day 1 Adjourn</p>
18:00 - 19:30	<p><i>The Nest, Laguna</i></p> <p>Welcome Reception</p>
20:00 - 22:00	<p>Y-InSiGHT Padel Game (Y-InSiGHT Members Only)</p>

Disclaimer: The programme is accurate as of the time of publication (3 March 2026).
It is subject to change at the discretion of the Organising Committee without prior notice.

5 March, Thursday Main Congress Day 2			
	Laguna Ballroom	Albatross & Birdie	Eagle Boardroom
07:30 - 08:20	Young InSiGHT Breakfast Session <i>Chairs:</i> Benjamin Zare, United Kingdom Amalia Nanciu, Germany Noah Helderman, Netherlands	ClinGen Vcep Breakout Session <i>Chairs:</i> Marc Greenblatt, United States Sharon Plon, United States	Genetic Counsellors' Roundtable <i>Chairs:</i> Manasa Karthikeyan, Singapore Brandie Leach, United States Marie Met-Domestici, Switzerland
Time	Laguna Ballroom		
08:30 - 10:10	Session 3: Genetics and Molecular Insights in Hereditary Gastrointestinal Tumours <i>Chairs: Jean Christophe Saurin, France Gloria Chan, Singapore</i>		
08:30 - 08:50	Tracing Cancer Evolution in Hereditary Gastrointestinal Tumours Daniel Buchanan, Australia		
08:50 - 09:10	Novel Genetic Drivers in Familial Colorectal Cancer Laura Valle, Spain		
09:10 - 10:10	Abstract Presentations 3 <i>Chairs: Gabriel Capellá, Spain Grolmusz Vince Kornel, United States [Y-InSiGHT]</i> Somatic CTNNB1 mutations as a positive predictor of Lynch syndrome Aysel Ahadova, Germany Inflammasome-related gene variant predisposing to familial colorectal carcinoma Taina T Nieminen, Finland Immune infiltration in Lynch syndrome colorectal cancer is linked to diagnostic context, not MMR gene defect Noah Cornelis Helderman, Netherlands Peripheral immunophenotyping reveals cancer-related alterations in Lynch syndrome István Kelemen, Hungary Remodeling of the Intestinal Immune Infiltrate and Integrin Signatures of Tissue- Resident CD8⁺ T Cells in Lynch Syndrome Jacob Nattermann, Germany Pre-empting Vaccine Barriers in Lynch Syndrome: Profiling Immune Evasion Across Precancerous Progression Nicole Cianci, United Kingdom		
10:10 - 10:40	Coffee/Tea Break	Laguna Ballroom Industry Sponsored Talk: Diving Deeper Into the Genome with Illumina Constellation Mapped Reads Simeen Malek, Singapore Alvin Ng, Singapore 	
10:40 - 12:30	Session 4: Genetics and Molecular Insights in Hereditary Gastrointestinal Tumours 2 <i>Chairs: Daniel Buchanan, Australia Benjamin Zare, United Kingdom [Y-InSiGHT]</i>		
10:40 - 11:00	Adenoma-Carcinoma Model: Time to Move On Aysel Ahadova, Germany		
11:00 - 11:20	Germline Mosaicism in the Clinic: When to Suspect, How to Manage Maartje Nielsen, Netherlands		

Disclaimer: The programme is accurate as of the time of publication (3 March 2026).
It is subject to change at the discretion of the Organising Committee without prior notice.

5 March, Thursday | Main Congress Day 2

11:20 - 12:30	<p align="center">Abstract Presentations 4 <i>Chairs: Ingrid Winship, Australia Hidewaki Nakagawa, Japan</i></p> <p align="center">Evidence for MLH3 as a cause for colorectal polyposis – a multinational study Olkinuora Alisa, Switzerland</p> <p align="center">Molecular landscapes of colorectal polyps and cancers from serrated polyposis syndrome patients with germline RNF43 variants Jihoon E. Joo, Australia</p> <p align="center">Germline pathogenic variants in homologous recombination repair pathway genes and the presence of the homologous recombination deficiency mutational signature in early-onset colorectal cancer Daniel Buchanan, Australia</p> <p align="center">Towards prevention of replication repair deficient childhood cancers using neoantigen mRNA-LNP Vaccine Sunam Mander, Canada</p> <p align="center">Clinical, molecular, and functional insights into POLE and POLD1 proofreading deficiency Laura Valle, Spain</p> <p align="center">Mismatch repair deficiency in histologically normal appearing normal urothelium in Lynch syndrome carriers Matthias Kloor, Germany</p> <p align="center">Investigating somatic and rare germline mechanisms in patients with unexplained mismatch repair deficiency Giovana Tardin Torrezan, Brazil</p>		
12:30 - 13:50	Lunch Break	Poster Judging Session A	
13:50 - 15:40	<p align="center">Session 5: Polyposis and Desmoid Management <i>Chairs: Finlay Macrae, Australia Claudia Wu, Hong Kong SAR</i></p>		
13:50 - 14:10	<p align="center">Current Best Practices and Emerging Therapies in Desmoid Management Susan Clark, United Kingdom</p>		
14:10 - 14:30	<p align="center">Role of Small Bowel Intestinal Transplantation in Surgical Management of FAP David Liska, United States</p>		
14:30 - 15:40	<p align="center">Abstract Presentations 5 <i>Chairs: Marc Greenblatt, United States Diantha Terlouw, Netherlands [Y-InSiGHT]</i></p> <p align="center">Defining the Risk of Desmoid Disease Following Surgery in Familial Adenomatous Polyposis (FAP) Patients with a Low Risk Genotype Andrew Latchford, United Kingdom</p> <p align="center">Defining The Picture of Desmoid Disease in Children and Young Adults with Familial Adenomatous Polyposis Benjamin Zare, United Kingdom</p> <p align="center">Novel Endoscopic Classification for Duodenal Polyposis in Individuals with Familial Adenomatous Polyposis: the DRACO multi-center study Alessandro Mannucci, Italy</p> <p align="center">Clinical syndromes linked to biallelic germline variants in MCM8 and MCM9 Noah Cornelis Helderma, Netherlands</p> <p align="center">Outcomes following endoscopic versus transduodenal resection in FAP patients with duodenal adenomas: a meta-analysis Divya L Deverakonda, United States</p> <p align="center">Comparison of desmoid disease risk after prophylactic minimally invasive versus open restorative proctocolectomy in patients with FAP Susan Clark, United Kingdom</p> <p align="center">The role of genotoxic gut bacteria in serrated polyposis syndrome and unexplained adenomatous polyposis Yen Lin Chu, Australia</p>		
15:40 - 16:10	Coffee/Tea Break	<p align="center"><i>Albatross & Birdie</i></p> <p align="center">Get to Know Journal of Gastroenterology and Hepatology (JGH) Session</p> <p align="center">Rakesh Aggarwal, Chair, Journal of Gastroenterology and Hepatology Foundation</p>	<p align="center"><i>Laguna Ballroom</i></p> <p align="center">Industry Sponsored Talk: AI in Precision Medicine on AWS</p> <p align="center">Charlie Lee, Singapore Mai Chan Lau, Singapore</p> 

Disclaimer: The programme is accurate as of the time of publication (3 March 2026). It is subject to change at the discretion of the Organising Committee without prior notice.

11th Biennial Meeting of the
International Society for
Gastrointestinal Hereditary Tumours
4 - 7 March 2026 | Dusit Thani Laguna Singapore

www.insight2026.org

5 March, Thursday Main Congress Day 2			
16:10 - 17:40	<p>Session 6: Polyposis Management and Pathology Chairs: <i>Ian Frayling, United Kingdom M Logaswari, Singapore</i></p>		
16:10 - 16:30	<p>Role of Local Excision and Organ-Preserving Strategies in Hereditary GI Cancer Matthew Kalady, United States (<i>Society of Colorectal Surgeons Singapore nominated speaker</i>)</p>		
16:30 - 16:50	<p>Use of AI in Colorectal Cancer Pathology Leow Wei Qiang, Singapore (<i>International Academy of Pathology (Singapore Division) nominated speaker</i>)</p>		
16:50 - 17:40	<p>Abstract Presentations 6 Chairs: <i>Andrew Latchford, United Kingdom Ernest Eu, Singapore</i></p> <p>Using Oxford Nanopore Technologies long-read sequencing to resolve unexplained hereditary colorectal cancer and polyposis syndrome patients Jihoon E. Joo, Australia</p> <p>Small bowel surveillance investigations, interventions and outcomes in a large UK Peutz-Jeghers syndrome cohort Roshani Patel, United Kingdom</p> <p>Duodenal involvement in MUTYH-associated polyposis: findings from an international prospective study and implications for endoscopic surveillance Imogen Bennett, United Kingdom</p> <p>Risk of Colorectal Cancer in Li Fraumeni Syndrome Stephen B. Gruber, United States</p> <p>Molecular and clinicopathological profiling of desmoid tumours in familial adenomatous polyposis through RNA sequencing analysis Benjamin Zare, United Kingdom</p>		
17:40 - 17:55	Day 2 Adjourn		
17:55 - 18:55	Poster Judging Session B		
19:30 - 22:00	<table border="0" style="width: 100%;"> <tr> <td style="width: 50%; text-align: center;"> <p><i>Violet Oon</i></p> <p>Council Dinner (<i>InSiGHT Council Members Only</i>)</p> </td> <td style="width: 50%; text-align: center;"> <p><i>Offsite</i></p> <p>Night Safari Tour (<i>Ticketed</i>)</p> </td> </tr> </table>	<p><i>Violet Oon</i></p> <p>Council Dinner (<i>InSiGHT Council Members Only</i>)</p>	<p><i>Offsite</i></p> <p>Night Safari Tour (<i>Ticketed</i>)</p>
<p><i>Violet Oon</i></p> <p>Council Dinner (<i>InSiGHT Council Members Only</i>)</p>	<p><i>Offsite</i></p> <p>Night Safari Tour (<i>Ticketed</i>)</p>

6 March, Friday Main Congress Day 3	
07:30 - 08:20	<p style="text-align: center;"><i>Albatross & Birdie</i></p> <p style="text-align: center;">InSiGHT Asia Chapter / ICaN Asia Meeting</p> <p style="text-align: center;"><i>Chairs:</i> Joanne Ngeow, Singapore Finlay Macrae, Australia</p>
Time	Laguna Ballroom
08:30 - 10:30	<p style="text-align: center;">Session 7: Hereditary Gastric Cancer Surveillance and Management <i>Chairs: Bryson Katona, United States Tan Yu Bin, Singapore</i></p>
08:30 - 08:50	<p style="text-align: center;">Best Practices in Gastric Cancer Care for High Risk Patients Jean Christophe Saurin, France <i>(Gastroenterological Society of Singapore nominated speaker)</i></p>
08:50 - 09:10	<p style="text-align: center;">Hereditary Diffuse Gastric Cancer (HDGC): Pathological Insights and Clinical Implications Chella van der Post, Netherlands</p>
09:10 - 09:50	<p style="text-align: center;">Abstract Presentations 7 <i>Chairs: Intan Schrader, Canada Brandie Leach</i></p> <p style="text-align: center;">Clinical Outcomes and Management of Gastric White Mucosal Patches in Patients with Familial Adenomatous Polyposis Carol Burke, United States</p> <p style="text-align: center;">Penetrance of CDH1 Pathogenic Variants: A Multicenter Analysis from the GASTRIC Consortium Ophir Gilad, United States</p> <p style="text-align: center;">Outcomes of gastric surveillance in juvenile polyposis syndrome Victoria Cuthill, United Kingdom</p> <p style="text-align: center;">Longitudinal analysis of fundic gland cysts as predictors of gastric neoplasia in familial adenomatous polyposis Robert Hüneburg, Germany</p>
09:50 - 10:30	<p style="text-align: center;">Panel Discussion Moderator: Andrew Latchford, United Kingdom</p> <p style="text-align: center;">Panellists: Evelien Dekker, Netherlands Carol Burke, United States</p>
10:30 - 11:00	<p style="text-align: center;"><i>Coffee/Tea Break</i></p> <p style="text-align: right;"><i>Laguna Ballroom</i></p> <p style="text-align: center;">Industry Sponsored Talk: Evaluating PacBio Long Read Sequencing for Resolving Cancer Predisposition Variants in Singapore</p> <p style="text-align: right;">Alvin Ng Wei Tian, Singapore </p>
11:00 - 12:40	<p style="text-align: center;">Session 8: Advances in Pancreatic Cancer Research <i>Chairs: Laura Valle, Spain Chenlei Wen, China</i></p>
11:00 - 11:20	<p style="text-align: center;">Update from PRECEDE Study Diane Simeone, United States <i>(Hepato Pancreato Biliary Association nominated speaker)</i></p>
11:20 - 11:40	<p style="text-align: center;">Early Onset Pancreatic Cancer in China: Contribution of Genetics Shen Baiyong, China</p>
11:40 - 12:40	<p style="text-align: center;">Abstract Presentations 8 <i>Chairs: Sharon Plon, United States Frances Victoria F. Que, Philippines</i></p> <p style="text-align: center;">Prevalence Of Germline Pathogenic Variants Among Pancreatic Cancer Patients in Singapore Nur Diana Binte Ishak, Singapore</p> <p style="text-align: center;">Parent-of-Origin-Aware genomic analysis Enhances the Genetic Risk Assessment in Pancreatic Ductal Adenocarcinoma Kasmintan A Schrader, Canada</p> <p style="text-align: center;">Yield of Germline Genetic Testing among Families with Pancreatic Cancer Clustering Asaf Maoz, United States</p> <p style="text-align: center;">Clinical Characteristics and Outcomes of Pancreatic Cancer Patients with Germline HRD Mutations: A Retrospective Cohort Study Zewen Zhang, Singapore</p> <p style="text-align: center;">Lynch Syndrome - Pancreatic Cancer Risk and Survival: A Nationwide Dutch Cohort Study Monique van Leerdam, Netherlands</p> <p style="text-align: center;">Gastrointestinal Cancer Risks in Israeli BRCA1/BRCA2 Mutation Carriers Sari Lieberman, Israel (V)</p>

Disclaimer: The programme is accurate as of the time of publication (3 March 2026).
It is subject to change at the discretion of the Organising Committee without prior notice.

6 March, Friday Main Congress Day 3			
12:40 - 14:00	Lunch Break	<p>Speakers' Ready Room</p> <p>Council Meeting (InSiGHT Council Members Only)</p>	<p>Albatross & Birdie</p> <p>CMMRD Workshop</p> <p><i>Chairs:</i> Uri Tabori, Canada Anirban Das, Canada Lucie Stengs, Canada</p>
14:00 - 15:30	<p>Session 9: Advances in Lynch Syndrome Research 1 <i>Chairs: Genuardi Maurizio (V) Zewen Zhang, Singapore</i></p>		
14:00 - 14:20	<p>Lynch Syndrome Screening, And Diagnosis and Management: The Chinese Experience Ding Peirong, China</p>		
14:20 - 15:30	<p>Abstract Presentations 9 <i>Chairs: Genuardi Maurizio (V) Zewen Zhang, Singapore</i></p> <p>A systematic review and meta-analysis on colorectal neoplasia detection in Lynch syndrome Stephanie Poo, United Kingdom</p> <p>Incidence And Predictors of Advanced Neoplasia In Patients with Lynch Syndrome on Surveillance Colonoscopy Performed at or after Age 65 years Carol A. Burke, United States</p> <p>Adenoma Incidence Trends by Genotype in Lynch Syndrome: A Retrospective Cohort Study of 318 MD Anderson Cancer Center Patients Luigi Ricciardiello, United States</p> <p>Impact of surveillance colonoscopy on colorectal cancer incidence and mortality in Lynch syndrome: an observational cohort study Kevin Monahan, United Kingdom</p> <p>Non-Neoplastic Precursor Lesions and Somatic Alterations in Lynch Syndrome–Associated Upper Gastrointestinal Cancers Hugo Montemont, Germany</p> <p>Potential Impact of AI-assisted Colonoscopy on Non-AI Performance in Lynch Syndrome Surveillance: Evidence of a Skill Effect Tim Marwitz, Germany</p> <p>Deep Learning Model Distinguishes Lynch Syndrome from Sporadic MSI-H using Adenoma Histology Srividhya Sainath, Germany</p>		
15:30 - 16:00	Coffee/Tea Break	<p>Albatross & Birdie</p> <p>Get to Know Familial Cancer Session</p> <p>Gabriel Capellá, Editor-in-Chief, Familial Cancer Hans Vasen, Editor-in-Chief, Familial Cancer</p>	<p>Laguna Ballroom</p> <p>Industry Sponsored Talk: Reveal More Cancer Biology with Ultra-rich Oxford Nanopore Sequencing Data</p> <p>Manop Pithukpakorn, Thailand Lei Tong, Singapore</p> <p> Oxford Nanopore Technologies</p>
16:00 - 17:40	<p>Session 10: Advances in Lynch Syndrome Research 2 <i>Chairs: Maria Katapodi, Switzerland Rakefet Shtoyerman, Israel</i></p>		
16:00 - 16:20	<p>Implementing Population Genomics for Hereditary GI Cancer Prevention: Lessons from PROTECT Ranjit Manchanda, United Kingdom</p>		

Disclaimer: The programme is accurate as of the time of publication (3 March 2026).
It is subject to change at the discretion of the Organising Committee without prior notice.

6 March, Friday | Main Congress Day 3

Abstract Presentations 10

Chairs: Maria Katapodi, Switzerland | Rakefet Shtoyerman, Israel

Cancer risks in first-degree relatives of individuals with biallelic somatic DNA mismatch repair mutations

Romy Walker, Australia

A multiplex assay of variant effect (MAVE) of MSH6 enables accurate, prospective Lynch Syndrome clinical variant interpretation

Anthony Scott, United States

Reassessing MSH6 variants in ClinVar using MMR-specific ACMG/AMP guidelines and recent literature

Hashini Krishthorubaduge, Australia

Immunogenic frameshift mutations in patients with Lynch syndrome and immune suppression programs supporting colorectal cancer development

Aimee L. Lucas, United States

Prospective Evaluation of a Blood-Based Digital PCR MSI Assay for Early Colorectal Cancer Detection in Lynch Syndrome Carriers: the BioLynch Study

Mattia Boeri, Italy

Blood-based T cell clonal expansion as a biomarker of mismatch repair-deficient tumours in Lynch syndrome

Penelope Edwards, United Kingdom

Mapping the T Cell Receptor Repertoire in Lynch Syndrome-Associated Colorectal Cancer

Penelope Edwards, United Kingdom

Neoantigen-loaded dendritic cell vaccine for cancer prevention in Lynch Syndrome: Early results from a phase Ib clinical trial

16:20 - 17:40

17:40 - 18:20

18:20 - 18:35

19:00
Onwards

InSiGHT General Meeting

Day 3 Adjourn

Hopscotch (Gardens By The Bay)

Congress Dinner

Disclaimer: The programme is accurate as of the time of publication (3 March 2026).
It is subject to change at the discretion of the Organising Committee without prior notice.

7 March, Saturday Main Congress Day 4	
08:00 - 08:50	<p><i>Laguna Ballroom</i></p> <p>EOCRC Hour</p> <p><i>Chairs:</i> Daniel Buchanan, Australia Alvin Ng, Singapore</p>
	<p><i>Albatross & Birdie</i></p> <p>Collab Lab @ InSiGHT</p> <p><i>Chair:</i> Joanne Ngeow, Singapore</p>
Time	<i>Laguna Ballroom</i>
09:00 - 09:15	<p>Address by Guest of Honour Koh Poh Koon, Senior Minister of State for Health and Manpower, Singapore</p>
09:15 - 10:45	<p>Session 11: Best Oral Communications <i>Chairs: Francesc Balaguer, Spain Romy Walker, Australia</i></p> <p>Best Oral Communications <i>Chairs: Francesc Balaguer, Spain Romy Walker, Australia</i></p> <p>The Newcastle MSI-Plus Assay for Low Cost and Scalable Lynch Syndrome Screening of Cancer Patients and Urine-based Early Detection of Lynch Syndrome Urothelial Cancer Richard Gallon, United Kingdom</p> <p>TA-Repeat Expansions Drive WRN Dependency and Guide Inhibitor Therapy in Sporadic and Lynch-Associated MSI Cancers Gabriele Picco, United Kingdom</p> <p>Comparison of Postoperative Morbidity Following Total Colectomy with Ileorectal Anastomosis vs Proctocolectomy with Ileal Pouch-anal Anastomosis in Familial Adenomatous Polyposis Jared R Hendren, United States</p> <p>Cap-assisted vs. side-viewing duodenoscopy for papilla visualization in familial adenomatous polyposis: a randomized blinded cross-over trial (CAPFAP) Robert Hüneburg, Germany</p> <p>Pancreatic Cancer Surveillance Not Recommended for Familial Adenomatous Polyposis: A Fine And Gray Risk Analysis Monique van Leerdam, Netherlands</p> <p>Systemic Markers for Predicting and Monitoring Response to Immune Checkpoint Blockade Therapy in Patients with Advanced Microsatellite-unstable Gastrointestinal Cancers: A Pilot Study Aysel Ahadova, Germany</p>
09:15 - 10:45	
10:45 - 11:15	<i>Coffee/Tea Break</i>
11:15 - 12:35	<p>Session 12: Frontiers in Lynch Syndrome Research <i>Chairs: Kevin Monahan, United Kingdom Rebecca Caeser, Singapore</i></p>
11:15 - 11:35	<p>Lynch Syndrome in Singapore: Insights Into The Local Landscape Joanne Ngeow, Singapore</p>
11:35 - 11:55	<p>Cancer Vaccines in Lynch Syndrome - Progress and Promise David Church, United Kingdom <i>(Singapore Society of Oncology nominated speaker)</i></p>
11:55 - 12:15	<p>Cancer Prevention with Aspirin: CaPP3 and Beyond Sir John Burn, United Kingdom</p>
12:15 - 12:35	<p>From Evidence to Practice: Updates on Lynch Syndrome Guidelines Giulia Martina Cavestro, Italy</p>
12:35 - 12:55	Concluding Remarks
	Lunch will not be provided. We encourage delegates to make their own dining arrangements.
13:00 - 16:00	<p><i>Albatross & Birdie</i></p> <p>Living with Lynch Patient Conference <i>(By Invite Only)</i></p>

Disclaimer: The programme is accurate as of the time of publication (3 March 2026).
It is subject to change at the discretion of the Organising Committee without prior notice.
